MIGTRIM Herbal oil for external (scalp) use

More than 29.5 million Americans suffer from migraine, with women being affected three times more often than men. This vascular headache is most commonly experienced between the ages of 15 and 55, and 70% to 80% of sufferers have a family history of migraine. Migraine is often misdiagnosed as sinus headache or tension-type headache.

The pain of a migraine headache is often described as an intense pulsing or throbbing pain in one area of the head. It is often accompanied by extreme sensitivity to light and sound, nausea, and vomiting. Migraine is three times more common in women than in men. Some individuals can predict the onset of a migraine because it is preceded by an "aura," visual disturbances that appear as flashing lights, zig-zag lines or a temporary loss of vision.

SPINETONE Herbal oil for external (scalp) use

SPINETONE is natural herbal oil without any chemicals or preservatives for application in the scalp for Cervical Spondylosis, Muscle Spasms, Neck pain and stiffness. It is an Ayurvedic preparation that has been used for more than 250 years. **SPINETONE** has been used for generations and by thousands of people. This is a formula derived and time tested by Chavarcod Ayurvedic physicians.

Cervical spondylosis is a common degenerative condition of the cervical and lumbar spine that most likely is caused by age-related changes in the intervertebral joints and disks. Clinically, several syndromes, both overlapping and distinct, are seen: neck and shoulder pain, suboccipital pain and headache, radicular symptoms in hands and legs, and spondylotic myelopathy. As disk degeneration occurs, mechanical stresses result in osteophytic bars, which form along the ventral aspect of the spinal canal.
